# 1 General

These regulations will be the reference document for the entirety of the PolyWAN1 Hearthstone tournament (hereinafter «HS») taking place online on Saturday 8th of May 2021.

The rules may be available in several languages. If the individual rules differ, the English version is valid in all cases as correct.

## 1.1 Scope and Application

These regulations apply to all players participating in the PolyWAN 1 Hearthstone tournament (hereinafter: “HS” or “Game”), as well as their organization and entire team, including their coaches, managers, owners, members and employees. (The whole of these persons are called “participants” throughout the rest of this document). By taking part in this tournament, every participant guarantees that they are aware of the content of these regulations and commits to respect it in its entirety.

Participants agree that their games could be streamed and/or casted.

# 2 Tournament information

## 2.1 Tournament Platform

The official Tournament Platform for the Main Tournaments will be Battlefy. Each tournament participant must have a Battlefy account.

## 2.2 Tournament format

The tournament is played in 2 stages.

**Stage 1:** 5 Swiss Rounds in the Best-of-5 format. The top 8 players qualify for the stage 2.

**Stage 2:** Single Elimination in the Best-of-5 format. The Elimination Bracket will be seeded according to the Group results (example. 1<sup>st</sup> vs 8th, etc.)

Tiebreaker:

In case of a tie after stage 1 the direct result counts. In case of a 3-way-tie, the round difference between the 3 players counts. The Buchholz system will also compute the points of the opponents, thus adding a variable which will be the deciding factor according to which the players will go to stage 2 or not. In case a tie still persists, the Sonneborn-Berger system, which computes the points' sum of the beaten/tied opponents only, will be applied.

## 2.3 Tournament schedule

First appointment for the team captain or team manager (or player if none of the latter two is available) will be the briefing on Saturday at 8:30 AM. The Tournament itself will start 30 minutes later. All players must be online and ready at the start of the tournament.

The rough schedule of the Tournament can be found on PolyLAN's website.

The detailed schedule will be published shortly after the registration closes, including round start times, breaks and final time.

## 2.4 Tournament communication

### 2.4.1 General communication

The whole tournament communication is held on the official PolyLAN Discord (<https://discord.gg/polylan>).

### 2.4.2 Game communication

The communication between the teams for the individual games is held on Discord. This is where the players can interact, get in touch and arrange the following match.

### 2.4.3 Match issue

If you have a problem in your match, contact one of the HS admins with your opponent (and only them, we will only discuss with the two players. We kindly ask you not to come with the rest of your team or any parties not directly involved in the problem) to solve the issue. We advise you to take screenshots of victory screens, chat, and so on. The latter will be used as proofs.

### 2.4.4 Decision Issue

In case you do not agree with an Admin's decision, the Team Captain or Team Manager (or player none of the latter two is available) has the opportunity to discuss the incident and the decision with the Referee Panel.

### 3.2 Match settings

### 3.3 External Software

No external software is allowed during this competition, which includes deck-trackers and any other alteration of the game/automated source of information. However, taking handwritten notes during the games is allowed.

### 3.4 Format details

#### **Conquest Format:**

Each player must submit **4 decklists of a different class**.

Once a player wins with a deck, the deck is validated and it may not be used again.

#### **Pick&Ban:**

Each player submits 4 decks as aforementioned. Before each match, the player has to ban 1 deck from its opponent thus the banned deck may not be used during this Best-of-5. If the banned deck is still being used and that the player who made the mistake plays his first turn, the opponent may ask for a free win in this round. However if both players keep playing and finish this round without contesting it beforehand it means that they both agreed to the conditions and the result may not be contested afterwards for a mistakenly picked deck.

#### **Best-of-5:**

The first player to validate his three decks wins the match.

### 3.5 Submission of Decklists

**Before the beginning of the tournament**, each participant must submit their decklists that they will be using during the tournament. **This is compulsory!** The lists will be deposited on Battlefy when the registration will be done on the tournament's page.

**Decklists will be open for consultation by any participant during the tournament.**

## 4 Game proceedings

### 4.1 Before the game

#### 4.1.1 Match times

The players must check the published schedule regularly in case of current adjustments and to ensure they do not delay the whole tournament.

#### 4.1.2 Match check-in

The player must contact the opponent on Discord no later than **15 minutes** after the start of the round according to the schedule. If they miss it, the opponent can ask to get a free win.

#### 4.1.3 Delayed match start

In the event of unintentional technical difficulties or non-communication leading to the inability to start a game more than **15 minutes** after the round start, the admins can, at their sole discretion and depending on the points and the situation, exceptionally grant a victory.

### 4.2 During the match

#### 4.2.1 Intentional Interruption of a Game

If the game is intentionally interrupted, the admins must be contacted and they will see if the interruption is justified or not, and take the appropriate sanctions in case it is not (usually leading to a round or match loss, depending on the circumstances).

#### 4.2.2 Disconnect / Lag / Bug

If a game is unintentionally interrupted (i.e. crash, grid disconnection, ...) the following rules must be observed:

- If the problem occurs before dealing 10 HP of damage to the opponent and if multiple reconnection attempts remain unsuccessful, an admin must immediately be warned by the two players (and only them) and, depending on the circumstances, the game might be restarted.
- If the problem occurs after dealing 10 HP of damage to the opponent, the player having crashed or disconnected must come back online as soon as possible. If there are too many unsuccessful attempts, an admin must immediately be notified by the two players (and only them) and he will take a decision which might lead to a game loss for one of the players.

**No amicable settlement is allowed without the agreement of a tournament admin.** The tournament admins can, in case of validation, verify that the conditions are respected. Any amicable settlement without an admin's agreement will be ignored by the admins and regarded as null and void in case of dispute.

#### 4.2.3 Technical / Medical Emergency

In case of technical or medical emergency, the game is interrupted, and depending on what happened, the admins can decide at their discretion of the outcome of the game.

### 4.3 After the match

#### 4.3.1 Report the result

Players must enter the result on the Battlefy Match page within 5 minutes after the match is over. If there should be any problem, just contact the admins.

## 5 Terminology

### 5.1 Match, Set and Game (or Round)

A match is the meeting of two teams (or single players). A match usually consists of one or more games. The term round is used synonym to the term game.

If useful, a match can be divided into several sets, which in turn consist of several games.

## 5.2 Best-of-X

If a match is played as Best-of-X, a maximum of X Games (or sets) are played. The match is considered won if a team or a player can decide more than half of the games (or sets) for themselves. The remaining games (or sets) are no longer played.

## PREAMBLE

At the SESF, we believe that Esport should take place in a fair environment, implying amongst other elements, a safe atmosphere free from any discrimination, free from corruption and, which ensure fair-play from all the stakeholders, integrity, and respect between all involved parties.

In order to establish this safe environment, we decided to provide players, organizers, referees and every party involved in Esport competition with a corpus of basic rules, (the SESF Standards) meant to be applied during Esport related events, and Esport competitions.

Those rules govern *inter alia* the conduct of the participants, the organization of the referee system, and its procedure. We expect this regulation to be respected by our members.

Besides, to help reach this goal we also intend to offer a basic training for referees, ensuring that Esport in Switzerland and beyond adheres to certain standards.

This effort is in line with the one initiated at a more global level by, notably, the ESIC, which aim at preserving the integrity of Esport. Hence, those standards are inspired from the different codes developed by the ESIC.
